12/7/86,

Dear Jack, I am delighted to hear the second &  
first term, my own decision to go into medicine  
was not a good head & common sense  
I would be a big success in the field. I think you  
will find it satisfying as a career.

Maybe I see you before too long. Time passes &  
has been quite a while since I have seen you.  
Outstanding a big success in the field  
I hope to see you before too long.
